**Most Utah hospitals in this table had fewer than expected deaths compared to similar hospitals in the U.S.**

The following hospitals treated at least one patient but less than 30 patients:

**Primary Children's, Cache Valley, South Davis, Milford Valley, Orem Community**

## Rating (statistical):

\*\*\* Fewer deaths than expected (better)

\*\* Same as expected

\* More deaths than expected

**NOTE:** Hospitals are listed alphabetically within each star rating.

[Click here to read Data Limitations.](#)

**Actual deaths:** percentage of patients who received care for this condition or procedure and died in this hospital.

**Expected deaths:** percentage of patients who were expected to die at this hospital if it performed the same as other U.S. hospitals that treated similar patients (age, gender, how ill the patients were).
